Type: Restaurant Branding

Introducing **PITAZZA** — a vibrant pizza brand that brings together timeless taste and a fresh, modern personality.

Brandvo was responsible for developing **PITAZZA's** complete visual identity, creating a brand that feels bold, youthful, playful, and instantly recognizable. Our goal was to build an identity that reflects the energy of the brand while celebrating the joy and excitement of enjoying a delicious pizza.

The bilingual English and Arabic logo was designed using strong, customized letterforms that give the brand a distinctive and confident presence. A bright red colour palette was selected to communicate appetite, energy, warmth, and excitement while ensuring strong visibility across both digital and printed applications.

One of the key elements of the identity is **PITAZZA's** playful sun mascot. With its relaxed attitude and cheerful personality, the character adds a friendly human touch and helps the brand connect with a young, modern audience. The mascot also creates opportunities for engaging illustrations, packaging designs, social media content, and future brand campaigns.

The complete identity was extended across pizza boxes and other brand touchpoints, creating a consistent and memorable customer experience. Every detail—from the logo and typography to the colours, illustrations, and packaging—was carefully designed to express **PITAZZA's** unique character.

PITAZZA — Timeless Taste, Modern Twist.

Brand strategy and visual identity designed by **Brandvo** .
